

AXON 45RC WINCH

Compact, powerful puller for sport Side x Sides

This AXON™ winch was specifically designed with the space constraints of a sport Side x Side. The winch's short drum configuration allows for a narrower overall width, but still has a big 4,500 lb. pulling capacity. Other features include all-metal IP68 waterproof construction, revolutionary Motactor™ technology that combines a motor and contactor into one unit, digital control that provides user feedback, and an all-new clutch control dial based on WARN 4WD hublock know-how.

- AXON 45RC includes 27' of lightweight, easy-to-handle 1/4" Spydura synthetic rope, an Epic hawse fairlead, and a black hook
- Compact configuration specifically for the space restraints of a sport Side x Side
- Powerful 4,500 lb. pulling capacity
- Revolutionary Motactor™ combines motor and contactor for easy installation, best performance
- New clutch design based on legendary WARN 4WD hub lock know-how
- Digital control offers never-before-seen levels of performance and user feedback including load and temperature info
- Load-holding brake for great control
- Smooth, reliable all-metal three-stage planetary gear train
- Satin black powder-coated finish and stainless steel fasteners for corrosion resistance
- New clutch design based on legendary WARN 4WD hub lock know-how
- Durable all-metal construction and one-piece tie plate (vs. tie bars) for increased structural rigidity
- IP68 waterproofing keeps water and the elements out
- Rockerbar digital control switch and digital wired remote
- Limited lifetime warranty (mechanical), 3 year warranty (electrical)
