

ZEON 12 Platinum™ Winch

Ultimate Performance winch equipped with steel rope and a 12,000 lb. pulling capacity.

Winching's gold standard has just been raised: introducing ZEON Platinum™. Featuring the Advanced Wireless Remote—the new command central control. With remote clutch, vehicle battery feedback, and even auxiliary controls for lights and more. Combine this with a new high-performance package and extreme waterproofing and you have the toughest, most technologically-advanced winch on the trail today. Backed by the WARN Limited Lifetime Warranty (North America).

- All-new high-speed motor, stronger gears, and heat-treated ring gear deliver 20% faster line speed, best-in-class efficiency, and our highest durability rating
- The new Advanced Wireless Remote gives you total control in the palm of your hand, allowing you to control the winch and up to two accessories. This sophisticated, advanced remote provides operator feedback on vehicle battery charge and winch motor temperature, controls operation of the winch clutch, and more. Includes USB charging cable and car charger adapter
- Remote Controlled Clutch is engaged and disengaged with the Advanced Wireless Remote. The remote controls winch-in, winch-out, and freespool operations. No more engaging a manual clutch, with frozen fingers while standing in the mud
- Durable aluminum structure with flat black powder-coated finish and stainless steel fasteners delivers durability and maximum corrosion resistance—exceeding 400 hours of salt-spray testing
- Large diameter alloy winch drum with steel sleeve is strong, light weight, reduces rope wear, and has an integrated rope anchor for easy rope installation
- Extreme waterproofing meets rigorous IP68 standards—the highest rating in the WARN Truck/SUV winch lineup
- Automatic mechanical cone brake offers excellent control while winching
- Convertible control pack can be attached to the winch or remotely mounted, allowing for various winch mounting options and looks (Relocation kit required and sold separately). The new-style control pack with contactor and advanced controls gives you extreme reliability and weather resistance.
- Includes 80' of 3/8" aircraft-grade wire rope and a roller fairlead
